

PSS Self Serve Kiosk front panel with a 15.6" touchscreen

## And nothing you don't.

The PSS Self Serve Kiosk, combined with the PSS OPT Activation System is revolutionary in the carwash industry.

The PSS Self Serve Kiosk touchscreen is built with a tough 6mm bonded glass screen that can withstand the knocks in the carwash environment, set into a high-grade stainless-steel bay box.

The PSS Self Serve Kiosk ensures reliable functionality in wet conditions. An integrated security camera is optional.

Cashless payment options:  
Nayax Onyx or VPOS Media 4

## Everything you need...

Sometimes technology can be overwhelming and full of features that you will never use.

PSS have been building payment systems for carwashes for many years, so we understand the industry and what you want to know.

The PSS Self Serve Kiosk is the fully integrated payment solution across your entire site and beyond.

Payment options include Coins and Cashless payments at site, Online payments and also the ability to pay with PA\$BUCKS, the TAP & PA\$ loyalty currency

Compact and functional, the unit boasts a large 15.6" Touchscreen and QR code reader, Nayax Onyx payment terminal and internal speaker..

## The BIG Kahuna: HUGE 15'6" touchscreen
