

PSS K9000 DogWash Menu Selection Screen

...they'll love the loyalty rewards as much as their pups love the wash!

As a business owner, you can create easy mix and match in-app deals across your entire carwash business for customers to redeem via the TAP & PA\$\$ App.

Your customers will also enjoy earning PA\$\$BUCKS every time they wash, and the convenience of auto-emailed receipts!

K9000 v2.0 Twin model with dual 10.1" Touchscreens

Get current and give your customers the best dogwash experience...

PSS can retro-fit your K9000 control panel doors with an easy and cost-effective LED Touchscreen Activation upgrade.

If you are purchasing or currently have a K9000 Dogwash, whether a 1 or 2 bay model, PSS can change up your current old coin model with switch/button selector to a state-of-the art activation unit with 6mm LED touchscreen. There is also the option to retain coins & notes as the system is fully integrated with cash.

The tough 10.1" touchscreen is IP rated for wet environments, and integrates fully with the TAP & PA\$\$ App and PSS OPT Activation Portal.

PSS gives the retailer full reporting and deal management with total visibility into your entire site-wide carwash business.

K9000 door with fully integrated PSS OPT cashless activation. This model is showing a 15.6" touchscreen.
