- Total Site Activation Integration optional

Factory Fitted Activation with **YOUR** Branding

PSS Activation components can be incorporated at manufacture - this translates to cost savings at the install stage.

Your customised screen flow delivers your branding and product pricing via the 7" integrated **LED Touch Panel**.

Edit products and pricing in real-time via your OPT Activation Portal login.

Push-button Fragrance delivery can now be incorporated on the **LED Touch Panel**, so fragrance choices can be updated anytime without the need for messy stickers.

Create bespoke in-App 'Combo Deals' (Wash & Vac) to reward and grow your customer base.
